

What's happening in the Andes Region?

News Letter N° 2 | MAY 2021

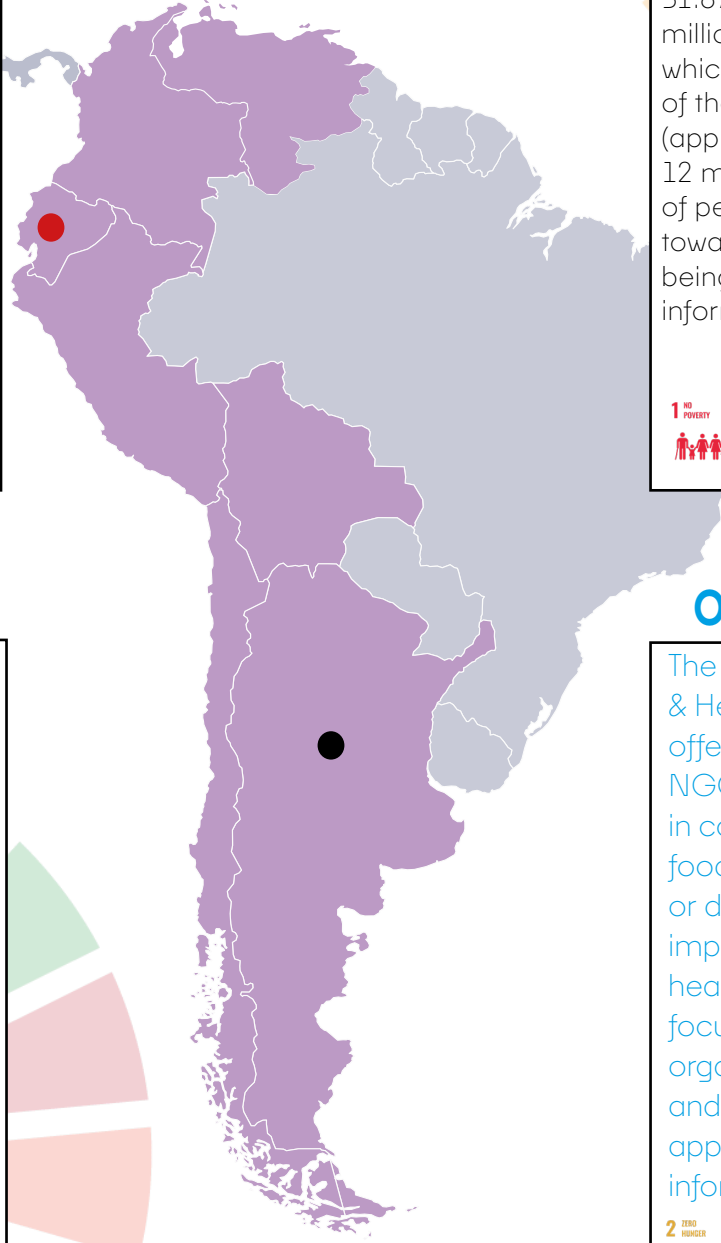

SOLUTIONS

On May 18 it will be published the report of SDSN "Accelerating the Education for SDG in Universities", which is a practical guide on how universities can provide education for the SDGs and promote the achievement of the Agenda 2030. Registrations and information

CHALLENGES

In Argentina, there was an increase the percentage of homes below poverty line, reaching 31.6% (almost 3 million households), which means 42.0% of the population (approximately 12 millions of people). Advance towards SDG 1 continues being a challenge. Further information [here](#)

THREATS

In Ecuador, the pandemic continues to affect to the protection of the biodiversity of the Galapagos Islands. The drastic decrease of tourism (main economic source) has left without resources the population, affecting conservation activities, and to the fight against plastic. Further information [here](#)

OPORTUNITIES

The Conservation, Food & Health Foundation offers support to NGOs working in conservation, food security, and/or distribution and improving public health. The grants focus on building organizational capacity and partnerships. open applications; More information [here](#)
